Where We Are

We are located in Arkansas — in the northwest corner county (Benton), only twelve miles south of the Missouri line and twenty-six miles east of the Oklahoma line; eighty-one miles almost due north of Fort Smith, Arkansas, and eighty-three miles, almost due south of Joplin, Missouri; one hundred twenty-nine miles east of Tulsa, Oklahoma, and one hundred six miles southwest of Springfield, Missouri. On Federal highways 71 and 62, just south of Rogers, Arkansas.

ON THE TIP TOP OF THE OZARK MOUNTAINS where our growing season is almost thirty days shorter than at Fort Smith, Arkansas. Our summers are short and nights are cool, and our growing season more like that of North Missouri, Iowa and Nebraska, than Eastern and Southern Arkansas.

Hence, our stock is well adapted to the extreme Northern, Eastern and Western States as well as being the best for Southern States.

DON'T WAIT — ORDER TODAY

BENTON COUNTY NURSERY'S STOCK IS GUARANTEED TO LIVE

We want you to be pleased with your orders you receive from us. We know that is the only way we can expect you to be a satisfied customer. Every plant that you order is **guaranteed to live**. We will replace free of charge any or all plants you buy that fail to live. We are not asking you to take any risk whatsoever. **All you have to do** is to be sure that you notify us of any plants that fail to live on or before June 1st, after planting. All we want is an opportunity to show you that we are proud to have you as a customer and leave the rest to us. We guarantee you will be a satisfied patron. Upon receipt of any stock ordered from us, if you are not entirely satisfied, return it to us by mail or express and we will refund all money paid us and for the transportation charges paid by you. You must follow our planting instructions enclosed with each order.

THOUSANDS OF SATISFIED CUSTOMERS FROM EVERYWHERE

HERE'S WHY YOU SHOULD BUY FROM US...

High Quality Stock

We guarantee our stock to be as good as the highest priced nurseries in the world. We grow only the best varieties and use only the best methods in growing our stock.

We Sell Direct, No Salesmen

Save from 75 to 100% in buying direct from the growers. Salesmen are compelled to try to make you believe they have better stock because they have to charge you more for their commission. Buy at our low prices where no salesman's commission is added in the cost of the stock.

We Grow Our Own Stock

Over 200 acres devoted to growing hardy Ozark Mountain Grown Nursery Stock. It is grown on the tip top of the Ozark Mountains where the soil and climate conditions are ideal for producing the most vigorous, hardiest, and best rooted trees and plants that can be grown.

Our Stock is Adapted to All Climates

We ship to every state in the Union and many foreign countries. We have cool summer nights and short growing season making our stock well adapted to the extreme Northern, Eastern and Western states as well as being the best for Southern states.

Money Back Guarantee

We guarantee you to be satisfied with our stock. Upon receipt of your order, inspect our plants and if you are not satisfied, return them to us and we will refund the amount paid, plus the transportation charges paid by you.

Low Prices

Why can we sell such high quality stock at such amazing low prices? Because we use extra economy in growing, selling, and shipping nursery stock. We have no salesmen to pay commissions. All this savings is passed on to you in these amazing low prices.

State Inspected

Our trees and plants are inspected by the Arkansas State Plant Board and again by experienced nurserymen before shipping. We guarantee you receive no diseased stock from us. Every plant inspected to protect you from any inferior stock.

Experienced Packing

We use the best material available for packing our orders thereby insuring you that all stock arrives in first class condition and will grow. We've had years of experience in shipping nursery stock.

PRUNING READY FOR PLANTING

For 5% of the amount you pay us for your trees, shrubs, plants and grape vines, we will prune the roots and tops ready for planting according to best horticultural authorities on pruning and planting.

THIS FALL IS THE BEST TIME TO PLANT THAT ORCHARD

—WHY DO EXPERIMENT STATIONS, AGRICULTURAL COLLEGES AND FRUIT GROWERS RECOMMEND FALL BUYING? Because you can buy this Fall and have the stock shipped to you and "heel it in" so that you may plant at the most favorable time during Fall, Winter, or next Spring.

Fall Planting is becoming more popular each season as experience shows its advantage. As soon as a tree or shrub becomes dormant it can be removed and change of location will affect it but little. When set out in the Fall the bruised roots begin at once to heal and callus is formed; recover quickly from moving; soon become firmly established and with the first touch of Spring are ready to go into business for themselves in a vigorous way.

Again, the ground is usually in better condition for planting in the Fall than in Spring, for much Spring planting is done when the ground is too wet for best results. Perhaps your Spring will be two or three weeks earlier. In this case your trees should be planted earlier than the dates you have ordered them shipped. If they have been planted in the Fall, these Spring delays are done away with.

Lanford, S. C.,
December 22, 1949.
Gentlemen:
Just a line to let you know that I received my shipment of stock in fine shape. They are the nicest and largest plants and vines that I have ever bought.
From now on its the Benton County Nursery stock for me.
Yours truly,
M. L. Cox.

Edmond, Okla.,
Jan. 23, 1950.
Gentlemen:
I have ordered many things by mail, but you have given me the best service by far that I have ever had or heard of.
We sent you an order for your apple trees, mailing the letter at 12 noon, Jan. 19th, and at 3:30 p.m. on the 21st, they were planted in our yard.
Needless to say, we are satisfied with the trees as well as the service.
Sincerely,
T. D. Hawwell.

Sweetwater, Tenn.,
November 30, 1949.
Dear Sir:
I received my order of fruit trees today. They are the nicest trees I have ever received, and we are well pleased with them.
Yours truly,
Mrs. Harrison Key.

Crown Point, Ind.,
Nov. 26, 1949.
Dear Sir:
Just a few lines to say that I have received all the nursery stock in good condition and I am very well pleased with them, especially the roses. They are beautiful bushes.
I told my friends where to get their nursery stock, they all think that your prices are reasonable. I thank you,
Yours truly,
Mrs. M. Theis.

Healdsburg, Calif.
May 10, 1950.
Gentlemen:
I purchased twenty-one roses from you this year which are doing splendidly. In fact they are doing better than any I have ever purchased any place. I intend to order about the same amount again this fall.
I am expecting your next edition of the catalogue and always look forward to the new things you list.
Very truly yours,
Mrs. G. A. Smith.

Bridgeton, N. J.,
Nov. 14, 1949.
Gentlemen:
I received the stock you sent me a few days ago. Everything is satisfactory, the trees are all fine, healthy looking stock and doing very well.
I will be sending you another order for some more stock in the very near future.
Thanks again for the wonderful stock you sent me.
Sincerely yours,
Wm. A. Goslin, Sr.

Safety Harbor, Fla.
May 12, 1950.
Gentlemen:
I wish to state that every item on my order amounting to \$19.20 is doing very nicely.
Most of the fruit trees are over 7 feet high and in the best condition. I am extremely pleased with all I have ordered. Many thanks,
Yours truly,
Chas. L. Haag.

Ft. Worth, Tex.
Jan. 18, 1950.
Dear Sir:
I thank you for the prompt and safe delivery of the order I gave you a short time back.
The fruit trees are exceptionally nice and I am more than pleased with all of them.
Yours truly,
Floyd Berry.

CRIMSON KING—One of the showiest giant sized blooms of a rich crimson red. Blooms all summer, spicy fragrance. One of the finest garden plants.

AMARYLLIS HALLI (Mystery Lily)

A perfectly hardy bulb that needs no protection. The lush foliage appears in early summer but soon ripens and dies; and in August the lovely lilac-pink flowers suddenly appear on the naked stalks. The flower is large and beautiful lily-shaped, three to four inches across and from eight to twelve in number. Blooms to a height of two to three feet. Should be planted early this fall for flowers next summer. (Limited supply.)

REMEMBER—THESE PRICES ARE PREPAID

No additional cost to add on these prices. All orders shipped at the proper time for planting in your locality.

ORIENTAL ORCHIDS OF THE GARDEN

(IRIS KAEMPFER)

Your garden is not complete until you have this beautiful flower growing in your perennial collection. Now you can grow your own Orchids by planting Iris Kaempfer, which is entirely different from all other Iris and comes into bloom as the early summer fades, continuing to bloom until mid-July. The huge blooms of velvet texture measure 6 to 8 inches across. The leaves are long, narrow and gracefully formed, and the plants remain decorative even after the blooming period is over. It is no wonder that the Kaempfer is called the "Orchid of the Garden." Excellent for cutting it will grow 3 to 4 feet high. Plants thrive in well drained fertile soil (it is fatal to select a location where water stands during winter).

Mixture of Colors: Rose, White, French Blue, Purple-Violet, Lavender, Variegated.

BIG JUICY STRAWBERRIES

Important Notice!! A new disease of strawberry plants (Red Stele Root) is very destructive and reports of damage vary from 40 to 92 per cent reduction in fruit crop. No treatment of the disease is known and the fungus will live in the soil for several years making it unprofitable to produce strawberries on the same land where the fungus has been in the soil. This disease is spreading rapidly. DON'T TAKE ANY CHANCE OF GETTING INFESTED PLANTS. ORDER FROM US. Our plants are twice inspected, once in the Spring for Red Stele disease and once in the Fall for all kinds of insects and diseases that attack strawberry plants. Our plants are found to be apparently free of all diseases. ORDER OUR PLANTS FOR HEALTHY STURDY PLANTS. DON'T GAMBLE ON CHEAP PLANTS AND LOSE YOUR FRUIT CROP.

BERRY SPECIALS

Benton County Nursery Stock Is Always Top Quality

YOUNGBERRY RASPBERRIES

The new Youngberry has achieved the greatest success ever scored by any of the berry family. It not only bears very heavily but the fruit is easy to handle, it is very attractive, ships well, keeps well and cans well. It has so many commercial possibilities and it fits in so well in the home garden that everybody should be interested in having a few vines or a commercial planting.

Youngberries are among the largest berries of dark wine color, have a minimum of seed, highly flavored and yield a rich looking cherry colored juice. You will find that more fruit will be produced from a few Youngberry bushes than any others on the same amount of ground. Youngberries thrive where any other berry fruits grow, but do best in states of the same latitude as Ohio and South.

NOVELTIES FROM THE OZARKS

JUJUBE

(Hardy Chinese Date)

The Chinese Date (Jujube or Zizyphus) is a fruit from the high interior of China. The tree is a heavy and constant bearer and commences to bear at an early age, four-year-old trees having produced 150 pounds of fruit. It blooms very late in the spring, avoiding all danger from spring frosts. The fruit is one to two inches long, and chocolate colored. It is delicious when eaten fresh or cured like dates, and is excellent for preserves and jam. Cooked in a sugar syrup and allowed to dry, it becomes a most tasty and palatable confection which we believe will eventually rival the date as a commercial product. Every home should have one or more trees. It likes a clean hard yard where it is not cultivated but will grow anywhere.

2 to 3 foot Size

\$1.79 each — \$17.95 dozen

Improved DWARF JUNE BERRY

A good substitute for the large or Swamp Huckleberry. The fruit is borne in clusters, and is a reddish-purple in color and changing to a bluish black in flavor. It is a mild, rich sub-acid, excellent as a dessert fruit or canned.

29¢ each — \$2.95 per dozen

ELDERBERRY

The small white flowers come in large, handsome clusters; very fragrant, handsome, opening in early summer when other flowers are scarce. Fruit black, very profuse; ripening in August. Grows 6 to 8 feet high. Berries are highly esteemed for pies, sauce, cordials and highly flavored wine which is very refreshing. Everybody likes these Elderberries; they are easy to grow and do well everywhere.

29¢ each — \$2.95 per dozen

MINT (Piperta)

Peppermint, also known as brandy mint. A perennial herb 1 to 3 feet high, characterized by its strong, pungent oil, reproducing by underground stems. Has purple flowers in terminal spikes, nearly 3 inches long. It grows well in wet soil.

10¢ each — \$1.00 per dozen

PAW PAW or "ARKANSAS BANANA"

A small tree with purplish or whitish flowers and handsome foliage. The large fruit is edible and improves by cultivation. Hardy as far north as the middle of Nebraska. Worthy of more extensive planting. Very desirable as an ornamental tree.

Price on First-Class Trees

79¢ each — 12 for \$7.95

SASSAFRAS (Verolium)

Usually a small, slender tree, but specimens up to 100 feet high. Flowers yellow, usually in racemes that bloom before the leaves unfold, delightfully fragrant. Fruit black-black with a bloom, on fleshy, bright red stalks. Almost no native trees have such gorgeous scarlet foliage in the fall. The roots make a fine healthy tea in the spring of the year.

3 to 5 ft., 69¢ each

OZARK HUCKLEBERRY

This delicious little berry is a native of the Ozark Mountain range, remarkable for its fine flavor, is a choice fruit for jams, pies and fruit cake. Grows luxuriant, very hardy; a prolific bearer, and when given a small amount of attention producer regular annual crops. Will grow on almost any kind of soil, and when once set is there permanently, never having to be renewed.

19¢ each — \$1.95 per dozen

BAMBOO GRASS

Arundinaria japonica: The hardiest of the group and safely planted throughout the United States, stems 10 to 12 feet in height, leaves flat, short-stalked, from persistent sheaths. Flowers grass-like, in flat-topped clusters. Fine for summer and fall screens.

ARKANSAS STONE FRUIT NURSERY STOCK IS VIRUS-FREE

Our stone fruits are grown under the vigilant eyes of inspectors of the Arkansas State Plant Board in a region free from virus diseases making it by far the safest and best nursery stock for you to buy.

Virus diseases such as "Peach Yellows", "Phony Disease", "Peach Mosaic" and "Little Peach Disease" have ruined thousands of valuable peach orchards and practically wiped out the peach industry in certain peach-growing areas. These diseases are established in orchards by means of a few diseased trees in shipments of nursery stock and when planted these diseases spread from tree to tree by insects. The only control measures so far available are the destruction of the trees and planting of new trees grown in regions free of these diseases.

Don't take any chances by ordering trees that might be infested with these diseases. **ALL OF OUR STONE FRUIT NURSERY STOCK IS GUARANTEED COMPLETELY FREE FROM VIRUS DISEASES AND IS THEREFORE THE BEST AVAILABLE FOR PLANTING IN ANY OF THE FRUIT-GROWING AREAS IN THE UNITED STATES. BE SAFE AND ORDER STOCK GUARANTEED VIRUS FREE. RISK THE LOSS OF YOUR ENTIRE ORCHARD.**
